I did my B.Tech form College of Dairy Technology, Warud, Pusad in 1998. Stared working with Schreiber Dynamix, Amul,Mehsana Dairy in Gujarat. Due to monotonous shift work in plant, I left Gujarat in 2002, and started own business of milk collection and ice factory at MIDC, Pusad. In 2004 I decided to fully devote myself to establish own dairy plant with that vision I started “Amrutdhara Dairy Pvt. Ltd” in Pusad MIDC, with initial collection of 1000 Lit milk per day. I established our won products retail outlet in Pusad city at various points such as Itawa Ward, Shivaji Chowk, Motinagar Pusad for marketing milk and various milk products manufactured by Amrutdhara Dairy. Presently our raw milk collection raised from 1000 to 12000lit per day with products range of Market milk / Pouch milk, Khoa, Pedha, Paneer, Dahi, Buttermilk, Lassi, shrikhand, Kulfi & Ghee. Presently we are having 10 retail outlets and 40 persons are working in my dairy plant & retail outlets. We are also bound with more than 120 happy farmers. The present turnover of my organization in 2022-23 was 12 corers.
