

# Two-Days Online Workshop for UG and PG Students

Dates: 5<sup>th</sup> & 6<sup>th</sup> July 2021

**Themes: ‘How to Access E-Resources’ and ‘Use of Reference Management Tool in Research: Mendeley’**

During the COVID-19 pandemic, the College organized a two-day online workshop aimed at enhancing the digital literacy and research skills of undergraduate and postgraduate students. The workshop, conducted on 5<sup>th</sup> and 6<sup>th</sup> July 2021, focused on two essential themes: ***“How to Access E-Resources”*** and ***“Use of Reference Management Tool in Research: Mendeley.”***

The sessions provided comprehensive guidance on effectively navigating various digital learning platforms, accessing academic databases, and utilizing e-resources for academic and research activities. Additionally, students were introduced to Mendeley, a widely used Reference Management Tool, to help them manage citations, organize academic literature, and streamline their research workflow.

The workshop received positive participation from students, who benefitted greatly from the practical demonstrations, expert insights, and interactive discussions. This initiative played a significant role in supporting students’ academic needs during the pandemic and strengthening their research competencies.

**College of Dairy Technology, Warud(Pusad)**  
(A constituent College of Maharashtra Animal and Fishery Sciences University, Nagpur)

**Two Days Workshop**
